## SOPHIE LARK

From *USA Today* bestselling author Sophie Lark comes the second in a brand new series in the Gothic, secretive beach town of Grimstone.

In Grimstone, the most tempting gifts conceal the most dangerous surprises...

In a desperate bid to get out of town, twenty-seven-year-old virgin and bookstore nerd Elena Zelenska becomes the world's most unlikely mail-order bride. Her gamble pays off when she's swept off her feet by Benjamin Wittacker, handsome single father and (gasp!) actual published author. Elena's new fiancé seems almost too good to be true. Her life is turning into a fairytale, especially once Ben starts building her a castle in the woods. But when Elena arrives in Grimstone, her fairytale turns darker.

The castle in the woods is a macabre labyrinth of hidden chambers, and Ben is no Prince Charming. In fact, he might just be a monster.

Isolated far from home, Elena's only ally is Atlas Covett, the owner of the Monarch hotel. Massive and stern, even Atlas' employees are terrified of him. He becomes Elena's unexpected protector, offering solace and sanctuary from the darkness that threatens to consume her.

As Elena's bond with Atlas deepens, her jealous fiancé exerts his control in increasingly twisted ways. Elena must find a way out before the castle he's building becomes a prison she'll never escape...

## Charming Devil

REBECCA KENNEY

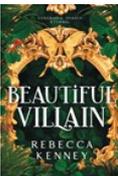

**Neon Gods meets *The Picture of Dorian Gray* in this spicy modern retelling with a magical twist.**

An addictive and truly original spicy New Adult retelling of *The Picture of Dorian Gray* with a magical twist, perfect for fans of Katee Robert.

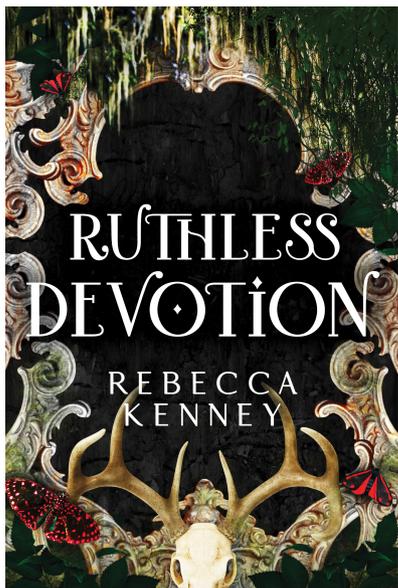

The painting that has kept Dorian Gray flawless for over a century is beginning to fall apart, saturated and rotted by his life of reckless decadence. Desperate, he seeks out the only person who might be able to save him: Baz Allard. She's a talented young painter who just inherited her aunt's house and studio in Charleston—and she happens to be a direct descendant of Basil Hallward, Dorian's first love, and the man who created the magical portrait. Baz has the same gift as her ancestor, but for deeply personal reasons, she has vowed never to paint anyone's likeness, and she refuses Dorian's commission.

As Dorian tries to persuade Baz that the money and prestige he offers are worth breaking her vow, he and Baz become aware of something else awakening in the coastal city. Dangerous forces, long dormant, have been stirred up by Baz herself—and perhaps by some mutual enemy hiding in the shadows. As tensions rise and desire flares ever-hotter, Baz and Dorian become enmeshed in a complex net of conflicting motives, messy mistakes, and a growing, desperate passion, with only one question burning between them: Does anyone, even the love seared deep into your very soul, deserve the burden of eternal life?

## Hard to Get

LAURA MOHER

**Tender, sexy, Southern small town romance that's for everyone who's ever had trouble trusting in love—or trusting in themselves.**

**"Crazy entertaining, first rate storytelling—made me laugh and touched my heart, too." —Suzanne Brockmann, *New York Times* bestselling author, for *Curves for Days***

**For readers of Lucy Score and Sarah Adams comes a charming small town romance between a hard working heroine with a sexy alter-ego and the new cinnamon roll math teacher looking to spice up his vanilla life.**

**Everyone may know your name, but do they know the real you?**

Andi Salazar's hard work at the local women's shelter makes a big difference in her small town, but at the end of a long day, Andi can't wait to blow off some steam as her sexy, voluptuous bombshell singer persona. Andi burns down the stage with her fiery spirit, catching the eyes of Galway High's popular new math teacher, Kevin Mahoney.

After his ex dubbed him as too "vanilla", Kevin's on a mission to find the real version of himself. One look at Andi and he nearly bursts into flame. After colliding in the hallway, their chemistry leads to a hot, sweet hookup that leaves him wanting more. But when their work brings them together again, Andi and Kevin can't stay apart for long. Kevin is the first man Andi feels like she can trust, and conversation with Andi makes Kevin truly enjoy opening up to her.

Although friendship may be safer, romance could be everything and more, especially when an unexpected variable changes their lives in the best way possible.

Gambling ruined Viscount Lyman Ashton's life and his marriage. He has no intention of putting a new club in his guide, nor of getting involved with its intriguing and energetic proprietress. But when Della refuses to take no for an answer and approaches his publisher with a plan to write her own book of attractions for ladies, Lyman reluctantly agrees to collaborate with her in exchange for the money he so desperately needs to pay his debts. As they grow closer, Lyman finds himself falling for Della even though his past could jeopardize her reputation. ## Crossing Paths

KATIE RUGGLE

**Bestselling author Katie Ruggle brings the Rockies to life in this quirky, adventure-filled romance!**

The quirky charm of *The Tourist Attraction* meets the outdoor adventure of *Something Wilder* in this rollicking (and occasionally dangerous) romance by beloved author Katie Ruggle.

Norah Pax loves working behind the scenes for her family's bounty-hunting business. Unlike her adrenaline-junkie sisters, she only enjoys chasing down a skip from the safety of her laptop. Lately, however, her overworked sisters have needed her help out in the field. She has all the computer skills she could want, but her fighting technique is lacking, so she dredges up her courage to ask surly MMA expert, Dashiell Porter, to teach her everything she needs to know. The sexy and scarred Dash may be terrifying to most, but his unexpected gentleness makes her feel safe, and to her shock, she actually starts to fall for the grump.

Dash is used to people slowly backing away when he enters a room, but a certain beautiful bounty hunter's earnest trust throws him off guard...and catches his attention. Yet as the two throw punches and awkwardly flirt, vultures circle. Every criminal in town has turned against the Pax girls, and they're willing to hit them where they're (supposedly) weakest: Norah. To keep herself and her family safe, Norah will need every new skill that Dash teaches her—as well as help from the man himself. Good thing that Dash is ready to do whatever it takes to protect the gentle yet fierce bounty hunter who stole his heart.

- **Beloved Author:** Katie Ruggle is beloved by her fans and has sold over 404,000 copies since she debuted in 2016. Charlaine Harris, #1 *New York Times* Bestselling Author, called Ruggle's debut series "vivid and charming."

# I Think I'm in Love with an Alien

ANN AGUIRRE

**Galaxy Quest meets Roswell in this quirky sci-fi rom-com from *New York Times* and *USA Today* bestselling author Ann Aguirre. When alien-enthusiast Jennette Hammond meets her internet friend Seeker at the long-awaited Space Con, little does she know she's meeting a real alien who's been stranded on Earth.**

**He's stranded. He's desperate. He's not looking for love.**

Tamzir Jaarn, a.k.a. Thrill Seeker, is paying the price for risking an illicit holiday on an interdicted planet. His ride off-world never showed, and he's been stranded for 363 days. As Seeker's gear breaks down, food is becoming a problem, and if his camo unit fritzes, he'll wind up in a government lab.

But he's met some cool humans online. He'll make some memories before he steals a billionaire's ship and heads for the stratosphere.

Space Con or bust!

**She's nerdy. She's flirty. She's ready for romance.**

Jennette Hammond is an endearing weirdo. All her friends agree; she was voted most likely bang an alien in high school. Her house is full of gray man collectibles, adorable tentacle monsters, and yes, in college, she volunteered for a SETI-type program. Not that she's ever had any close encounters of the sexy, alien kind. Heck, she's never even been able to convince anyone to attend Space Con.

But that's about to change. Finally, she has online friends who have agreed to go, and it will be a romp to remember, finally putting faces to names like Seeker, Squid Head, and Jazzy Plum.

When alien meets adorkable, they're destined for an out-of-this-world affair...

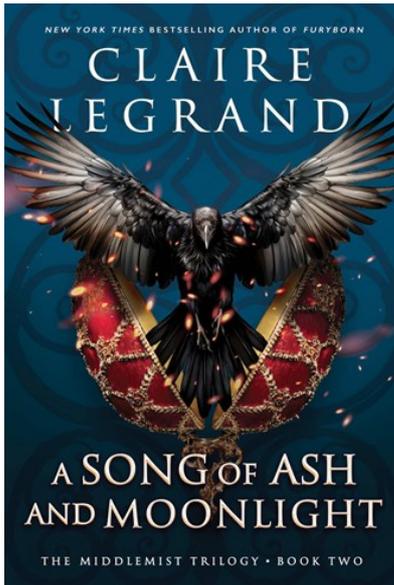

- **Major praise for previous books:** Booksellers have called Ann's paranormal romances "fresh and unique" (Caitlin Vanorder, Bookmarks, NC), with bestselling authors calling them "adorable romance we need right now!" ## This Girl's a Killer

A Novel

EMMA C. WELLS

**Meet your new best friend (who also just happens to be a serial killer)**

**For readers of *Finlay Donovan is Killing It* and *The Bandit Queens* comes a bright and biting thriller following Cordelia Black, a best friend, a businesswoman, and, in her spare time, a killer of bad men.**

*Ask Cordelia Black why she did it. The answer will always be: He had it coming.*

Cordelia Black loves exactly three things: Her chosen family, her hairdresser (worth every penny plus tip), and killing bad men. By day she's an ambitious pharma rep with a flawless reputation and designer wardrobe. By night, she culls South Louisiana of unscrupulous men—monsters who think they've evaded justice, until they meet her. Sure, the evening news may have started throwing around phrases like “serial killer,” but Cordelia knows that's absurd. She's not a killer, she is simply karma. And being karma requires complete and utter control.

But when Cordelia discovers a flaw in her perfectly designed system for eliminating monsters, pressure heightens. And it only intensifies when her best friend starts dating a man Cordelia isn't sure is a good person. Someone who might just unravel everything she has worked for.

Soon enough Cordelia has to come face to face with the choices she's made. The good, the bad, and the murderous. Both her family, and her freedom, depend on it.

- **A killer main character:** Following in the footsteps of *My Sister, the Serial Killer*, *Promising Young Woman*, and even the murderous Georgia Miller, Cordelia Black is a character you can't help but root for (even under the worst of circumstances).
- **Fresh and feminist thriller:** An incredibly empowering storyline that fits in the “good for her” genre of books, perfect for the expanding mystery readership and for fans of *The Bandit Queens* and *Layne Fargo*.
- **Balance of murderous intrigue and surprising heart:** With heartfelt emotional moments surrounding both women's rights and women's wrongs balanced with the bright, pacy thriller read, this is perfect for that modern mystery book club pick.
- **Author location/story location:** The author lives in Louisiana where the story is set.

**She gets people to confess their crimes for a living. He knows she's hiding a terrible secret. It's time for the truth to come out...**

Poe Webb, host of a popular true crime podcast, invites people to anonymously confess crimes they've committed to her audience. She can't guarantee the police won't come after her "guests," but her show grants simultaneous anonymity and instant fame—a potent combination that's proven difficult to resist. After an episode recording, Poe usually erases both criminal and crime from her mind.

But when a strange and oddly familiar man appears on her show, Poe is forced to take a second look. Not only because he claims to be her mother's murderer from years ago, but because Poe knows something no one else does. Her mother's murderer is dead.

Poe killed him.

**Amber thought she had troubles *before* her grandma was arrested for murder...**

Former PI-in-training Amber Winslow has decided to flee her life in the dead of night, carrying nothing but the clothes on her back. Down on her luck and with no other choice, she heads to the sunny state of Arizona to the luxury accommodations of her grandmother's retirement community. Never mind that Amber's never actually met her estranged and eccentric Grandma Jade.

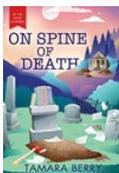

As soon as she sneaks her things into Seven Ponds (a place she technically doesn't qualify for and definitely can't afford), she's shocked to learn that George Vincent, a.k.a. the Admiral, was found dead the very night of her arrival. What's even *more* shocking is that no one seems particularly distraught over the news of the Admiral's death or the disappearance of his prize pet tortoise. All anyone can talk about is a missing Vincent family heirloom, and they're quick to blame Jade for both the Admiral's murder and the theft of the priceless ring.

Amber doesn't want to admit the woman she's just met—and who accepted her without question—could be behind the Admiral's death, and she's determined to clear her grandmother's name no matter the cost.

Relocating with her 5-year-old son to a new city after an ugly divorce, Melissa Burke isn't looking for a new relationship right away—only distance from her ex, and space to rest and heal from the emotional scars of a broken marriage. Intrigued, Melissa learns from her neighbors that Thomas is a dedicated father of two girls, one of the most respected pediatricians in the city—and an exonerated murderer.

Thomas's first wife went missing three years ago, presumed dead, and Thomas was eventually acquitted of her murder in a trial that became a local media sensation. Attracted to Thomas and also fascinated by the case, Melissa agrees to one date—and finds herself quickly swept into an obsessive, whirlwind romance.

A Novel

KD ALDYN

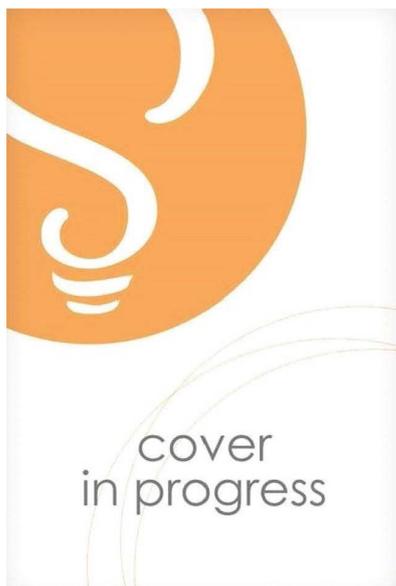

**The chilling prose of Karin Slaughter meets the high-stakes serial killer plotting of *The Butcher and the Wren* comes a dark debut following three normal sisters, their own forgotten traumas, and the serial killer that lives within one.**

The Rowling sisters have always been people you can understand. People, like all of us, with past indiscretions and secrets, hopes and futures. And now, they have all come home. The eldest, Kate, a tomboyish and slightly wayward lawyer, has just returned to buy her late grandfather's home but is soon faced with dark visions she isn't quite sure how to face. Aurora, a married mother of two, and classically trained harpist, may finally be acting out after her sister drudges up their complicated past and a secret affair ends. And Peggy, the youngest, a recovering alcoholic and drug addict, has finally gotten her life together. But still, memories of what happened to her haunt her deep to her core...

And then there's SHE.

SHE is one of them, but SHE is not like them at all. SHE is defined only by the acts SHE commits, the carnage SHE lets the world see, the murders that have swept through their coastal community, striking fear all around. ## The Girls of the Glimmer Factory

A Novel

JENNIFER COBURN

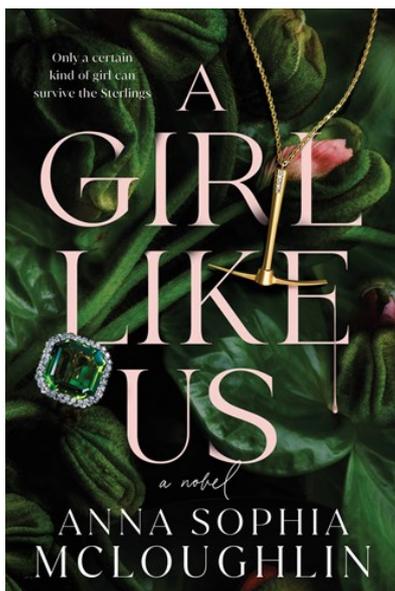

**From the author of *Cradles of the Reich*, an intriguing story of childhood friends forced onto opposite sides of a propaganda war in a "model" ghetto in WWII Czechoslovakia, Hitler's "gift to the Jews."**

Two childhood friends are reunited at a Jewish settlement in Czechoslovakia, the camp promised as a safe place to wait out the war, and each sees the other as a means to save what they love most. Hannah and Hilde were friends long ago, but when fate brings them back together at Theresienstadt, they are adversaries. At this so-called model ghetto, the Nazis plan to make a propaganda film to convince the world that the Jewish people are living well in Nazi-run camps. But Hannah and her fellow prisoners have other ideas. The young resistance members vow to disrupt the filming and derail the increasingly frequent deportations to death camps in the east. Meanwhile, Hannah's old friend Hilde is a true believer in the Nazi cause, despite an outlook that looks like defeat. She can't stop the Allied bombings, however she can help the party create a documentary that will renew confidence in Hitler's plans for Jewish containment. When the filming of *Hitler Gives a City to the Jews* faces production problems, Hilde finds herself in a position to finally make a name for herself.

## Follow Me to Africa

A Novel

PENNY HAW

**The Other Einstein meets Out of Africa, with a side of Indiana Jones. WHERE THE DUST SETTLES tells the remarkable untold story of Mary Leakey and her challenging journey to becoming an archaeologist, despite no formal education on the subject, who follows her husband, famous paleoanthropologist Louis Leakey, to East Africa, where her work will define her as one of the world's most distinguished archeologists.**

**Historical fiction inspired by the story of Mary Leakey, who carved her own path to become one of the world's most distinguished paleoanthropologists.**

It's 1983 and seventeen-year-old Grace Clark has just lost her mother when she begrudgingly accompanies her estranged father to an archeological dig at Olduvai Gorge on the Serengeti plains of Tanzania. Here, seventy-year-old Mary Leakey enlists Grace to sort and pack her fifty years of work and memories.

Their interaction reminds Mary how she pursued her ambitions of becoming an archeologist in the 1930s by sneaking into lectures and working on excavations. When well-known paleoanthropologist Louis Leakey commissions her to illustrate a book, she's not at all expecting to fall in love with the older married man. Mary then follows Louis to East Africa, where she falls in love for a second time, this time with the Olduvai Gorge, where her work defines her as a great scientist and allows her to step out of Louis's shadow.

In time, Mary and Grace learn they are more alike than they thought, which eventually leads them to the secret that connects them. They also discover a mutual deep love for animals, and when Lisa, an injured cheetah, appears at camp, Mary and Grace work together to save her. On the morning Grace is due to leave, the girl—and the cheetah—are nowhere to be found, and it becomes a race against time to rescue Grace before the African bush claims her.

From the acclaimed author of *The Invincible Miss Cust* and *The Woman at Wheel* comes an adventurous, dual timeline tale that explores the consequences of our choices, wisdom that comes with retrospection, and relationships that make us who we are, based on the extraordinary real life of Mary Leakey.

- **Third historical novel from up-and-coming author:** Penny's debut, *The Invincible Miss Cust*, has sold over 17,000 copies P+E, was a Junior Library Guild Pick, and nominated for the She Reads Best of 2022 Award in historical fiction
- **Tons of entry points to appeal to readers beyond historical fiction:** This story has it all! Unconventional woman of her time, beautiful setting in the African plains, an intergenerational friendship, animals, adventure and danger, and love

ASHLEY WINSTEAD

**She can find the truth. She can find the killers. But she might lose herself...**

Jane Sharp knows you've been waiting for her to break her silence—for a year, she's received your pleas and death threats. This is her gutting, confessional response, the true story of what happened during the Delphine Massacres that horrified and fascinated the world, then left everyone with unanswered questions.

After the unexpected death of her father, Jane finds herself in the world of armchair detectives, solving cases with a motley crew of fellow sleuths. When a TV show features their work on an episode about amateur crime-solving heroics, the group becomes the face of everything new and valiant about internet investigation. So when news of the brutal deaths of three college sorority girls takes the world by storm, Jane and her fellow sleuths know they can solve the case. But the Delphine case doesn't unfold like Jane and her crew are used to. Details are scarce, the police are acting cagey about facts that don't add up, and there seems to be more media attention and internet theorizing than actual evidence. When the on-the-ground authorities run into one dead end after another, Jane and her band of newly minted investigative masters step in. And so begins their relationship with a series of murders that will change their lives.

- **Trendy Topic:** Thrillers with a true crime twist continue to rise in popularity, and this next novel takes the trend and spins it exceptionally well. Loosely inspired by the real Idaho murders, this is bound to resonate in a true crime obsessed world.
- **Acclaimed author:** Ashley Winstead has received fantastic blurbs and critical reviews from Julie Clark, Andrea Bartz, and Riley Sager, plus the *New York Times* and *Parade*, among others
- **Buzzy Stories:** *Midnight Is the Darkest Hour* and Ashley's previous releases have garnered much acclaim and buzz by outlets such as the *Washington Post*, *Library Journal*, *Cosmopolitan*, *Good Housekeeping*, and many more—this is an author that continually garners attention from the book community.
- **Author/Story Location:** The story is based in Florida and Idaho, and the author is based in Houston.

# The Girls of Good Fortune

A Novel

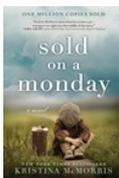

KRISTINA MCMORRIS

**From *New York Times* bestselling author of *Sold on a Monday* and *The Ways We Hide* comes a story of one woman's journey through Portland's Chinatown and its infamous Shanghai tunnels, giving voice to those in the shadows in a spellbinding story of a young half-Chinese mother and her determination to forge a future for her daughter in a world that shuns outsiders.**

1885. Amid the subterranean labyrinth of Portland's Shanghai Tunnels, a woman awakens disoriented in a dank underground cell. Though no stranger to upholding a façade, being half Chinese yet passing as white during a time of rising hatred against Chinese immigrants in America, she's perplexed by the male disguise she's wearing. Of more pressing concern, however, are the dangers she faces as a crimped, or "Shanghai'd," sea bound to work as forced labor.

While struggling to recall the twisting path that led to her kidnapping—from serving as a maid for the family of a dubious mayor to delving into the shocking case of a goldminers' massacre, ultimately luring her into the seedy dealings of those Shanghai Tunnels—she desperately tries to escape so she can return to her young daughter, left in danger in a place where unearthed secrets can prove even more deadly than the dark recesses of Chinatown.

## Doll Parts

A Novel

PENNY ZANG

***The Virgin Suicides* meets *I Have Some Questions For You* with a dash of the horrors of *Nightbitch* in this debut suspense following one woman as she begins to uncover the truth of the death of her estranged best friend and the Sylvia Plath adoring girls they attended college with decades ago.**

For Nikki and Sadie, life at Loch Raven College was supposed to be filled with poetry and days spent trying on thrifted clothes. But there's a dark story that plagues the school halls – that of the Sylvia Club, a campus legend surrounding the death of multiple Sylvia Plath adoring girls, all written off as suicides. Aspiring writer Nikki finds herself drawn to the stories, so much so that dead girls begin to haunt her dark imagination. To satiate her obsession, Nikki begins to dig into the deaths, and she soon suspects there's more to the story than just a tragic group of sad girls – a suspicion that will lead to a tragedy of its own, one that will tear her and Sadie apart.

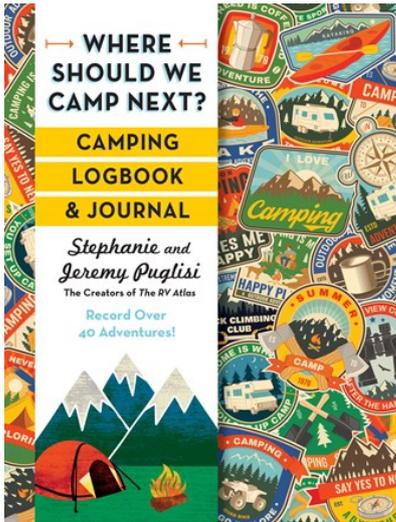

It's been twenty years since Sadie saw her estranged friend. Now, Nikki is dead. And when Sadie ends up pregnant with Nikki's grieving husband, she finds herself stepping into her seemingly perfect life. But Nikki's eerily preserved home seems to hold clues for Sadie from beyond-the-grave, and soon, she's spiraling into a deep obsession that will make her question her own reality. Because it seems Nikki never stopped looking for answers about what happened to the girls of the Sylvia Club, and she may have been its latest victim.

**A provocative and irresistible debut, *Doll Parts* is at once an exploration of the dark chasms that break apart friendships, an ode to the aching beauty of girlhood, and a sharp portrayal of grief that can physically haunt you.**

- **Fresh take on Academia:** Combining 90s grunge vibes, metaphorical hauntings, and major nods to the life and work of the beloved Sylvia Plath, this takes all the dark academia and cool girl literary trends and gives readers a juicy hook and fresh angle into the ever popular space.
- **Impeccable Writing:** Sharp, biting, and poetic prose paired with meticulous suspense plotting and unforgettably complicated character pushes this into a more literary space while staying commercially accessible – this is a debut from a voice to watch.
- **Chewy, dark themes:** The dissolution of friendship, the romanticization of the “sad girl aesthetic”, the physical nature of grief, and suicide on college campus – this is a story rife with topics readers will be aching to unpack.
- **Trendy aesthetics:** Sad girls, poetry, feminine rage, ghosts, and Sylvia Plath – this novel captures aesthetics that continue to trend.
- **Author/Story Location:** The author is based in Greenville, South Carolina. The story takes place in Baltimore.

**A guided self-care journal that helps you take time to reflect on your beliefs about death, grieve loved ones, and ultimately get more joy out of the life you're lucky enough to live.**

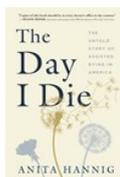

**Making friends with death is the ultimate liberation**

Contemplating death is scary. Most of us prefer not to dwell on the fact that our time here is limited—it's much easier to imagine we'll all live forever. And yet, death is an integral part of life. ## Drink Water and Mind Your Business

A Black Woman's Guide to Unlearning the BS and  
Healing Your Self-Esteem

DONNA ORIOWO

**Self-esteem ain't self-taught—and it does see color.**

**Self-esteem ain't self-taught—and it does see color.**

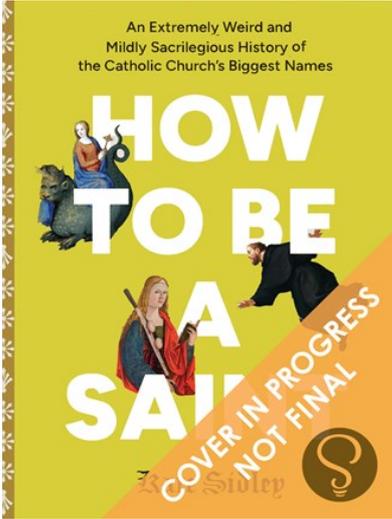

Let's be real: society was not built with the needs of Black women in mind. And as a result, we learn that the only way to feel good about ourselves is to prioritize everyone else's needs over our own. We find our value in being the perfect partner, mother, daughter, employee, and friend. But that is *exhausting!* Instead of feeling good about how dope we are—regardless of our service, bank account, or looks—we only feel good about what we do for others.

Supremacy culture teaches us to hate Black people, to hate women, and to *especially* hate Black women... except when they need us to either save them or serve them. So in a world where our service is required for acceptance, how could we ever feel good about ourselves while also giving the middle finger to systems of power? How can we possibly live our best lives? How are we supposed to feel confident, secure, and fabulous AF in our bodies?

The answer: Self-esteem. Self-esteem as we know it has been gatekept by the white and male supremacist delusions for far too long. It's time to put power where it actually belongs!

In *Drink Water and Mind Your Business*, Dr. Donna Oriowo helps readers understand the basic foundations of self-esteem—what it is, how society molds it, and how it affects us all—and offers real, meaningful solutions to feel like the most glorious and badass versions of themselves. Based on years of research and Dr. Donna's career as a licensed sex and relationship therapist, this book will help you set boundaries, prioritize your needs, understand your immense worth, and pursue a life that brings you pleasure and joy.

- **Author Credentials and Platform:** Dr. Donna Oriowo is a licensed sex therapist who specifically studies the mental and sexual health of Black women. She owns a thriving therapy practice and has built a strong community of online followers (17k on TikTok).
- **Timely Topics:** This book speaks to relevant issues like racism, imposter syndrome, self-esteem, capitalism, and patriarchy.
- **Impact:** This book is a love letter to and a celebration of Black women. It will inspire and uplift readers, resulting in real and lasting change in their lives.

Growing up with misdiagnosed epilepsy, nine-year-old Marianne Richmond desperately hopes for help and healing. But her emotionally unavailable mother refuses medication on Marianne's behalf, preferring to try prayer and homeopathy. At age 18, a full-body seizure leads to a diagnosis, medication, and the subsequent discovery and removal of a benign brain tumor. Over decades of physical healing, Marianne finds that emotionally healing from her absent mother is harder to do. So when her mother is diagnosed with Alzheimer's Dementia, Marianne has a choice to make: will she be present for the mother who rarely felt present to her?

*If You Were My Daughter* is a story of learning to hear your own voice, of one daughter's return to wholeness, and ultimately, a story of accepting that, despite all hope and longing, a mother's "best I could" can still be a mismatch for a daughter's desires.

## Read This to Look Cool

Essays

MAEVE DUNIGAN

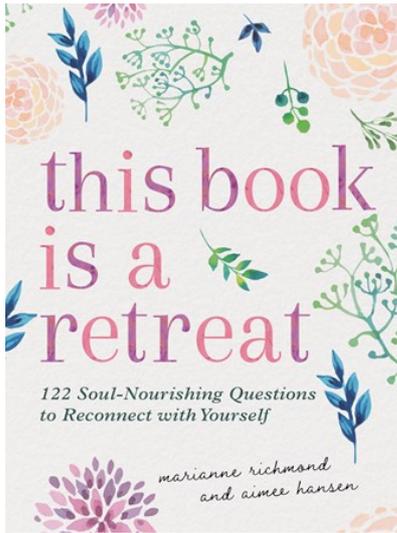

**For fans of Dolly Alderton or Samantha Irby, *Read This to Look Cool* is a hilarious and insightful collection of essays exploring the woes of growing up online, social anxiety, and constantly trying to portray an artificial version of yourself.**

We've all done things to seem cool, to fit in, to project bad-bitch confidence while secretly wondering, "Is everyone mad at me?" Sometimes that anxiety manifests itself in over-curated Instagram posts or pretending to like matcha-flavored ice cream. But in Maeve Dunigan's case it's taken more extreme forms, like letting her appendix rupture in a McDonald's because she didn't want her friend to think she was flaky. Like Maeve, so many of us are willing to jump through bizarre hoops in futile attempts to control others' perceptions of ourselves. We all have a primal desire to belong, and the things we do to satisfy that desire end up being really funny.

In *Read This to Look Cool*, Maeve highlights the everyday absurdity inherent in the constant performance of ourselves through a series of hilarious, sometimes all-too-relatable essays and satire pieces. Maeve knows there's nothing cooler than being seen reading a book: it's sophisticated, it's charming, it says "I have an iPhone, but I don't even know where it is."

Laugh-out-loud funny and painfully real, *Read This to Look Cool* explores our anxieties and ask why we care so much, speaking specifically to a generation growing up with social media and the constant feeling of being perceived.

- **Connected author:** A journalist and contributor for outlets such as *The New Yorker*, *The Dodo*, *McSweeney's*, and *Reductress*, Maeve Dunigan is well-connected within the media industry and has a unique talent for writing satire and humor.
- **Broad audience appeal:** For fans of Dolly Alderton and Samantha Irby, this essay collection will appeal to Millennial and GenZ women who understand the absurdity of growing up under the constant scrutiny of social media.
- **Extremely giftable:** *Read This to Look Cool* is a sidesplitting, hilarious collection of essays that makes a great gift.

# Thinking Like a Human

The Power of Your Mind in the Age of AI

DAVID WEITZNER

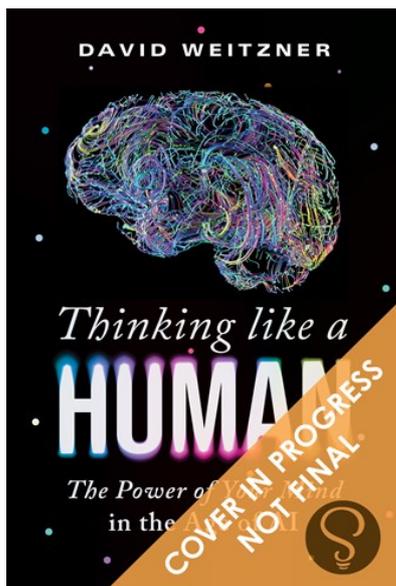

**A timely, hopeful book about the importance of thinking like a human in the age of AI**

AI is at the forefront of everyone's minds: from students and artists, to CEO's and service workers. But what exactly is AI, and how does it influence our everyday lives? And more than that, is there a way for us to retain our "humanness" in a world ever-reliant on tech?

This groundbreaking book argues that the key technology we use to make strategic, political, and ethical decisions is flawed. As we race headlong into a future where we outsource all of our problem solving to artificial intelligence, the greatest threat to humanity is not superintelligent machinery, but a lack of trust in the power of our own minds. This book offers a new way forward—our humanness can help each of us make better decisions and create a healthier relationship with the world around us.

In these pages, Dr. David Weitzner walks us through how AI often fails and how that affects our lives. But readers will also meet the rockstars, inventors, and business leaders who embody truly human thinking and are changing our world for the better in an era rampant with AI malpractice--while being taught how to do the same.

- **Super timely:** AI continues to be a discussion-worthy and this is a completely fresh take on the topic
- **Accessible:** using holistic human stories to explore the topic, Weitzner's book transcends politics and offers a nuanced discussion of a big topic
- **Audience potential:** for fans of pop-sci and big idea nonfiction, futurists, leaders; author is regularly invited to speak and write on the topic and runs a blog with over 200,000 monthly readers

# When We Spoke to the Dead

How the Occult Became Pop Culture

ILISE CARTER

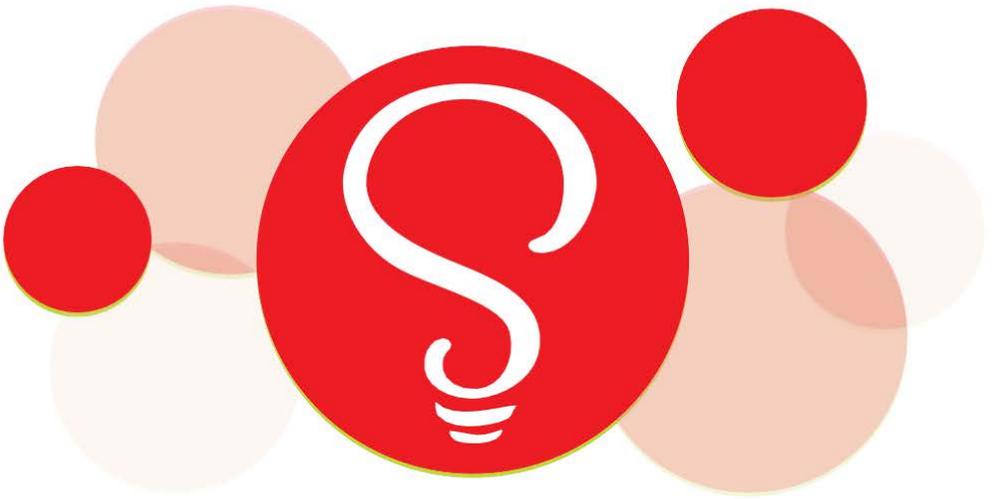

**An examination of America's long and dark history with the occult and how the spiritualist movement has forever changed our understanding of politics, science, and pop culture.**

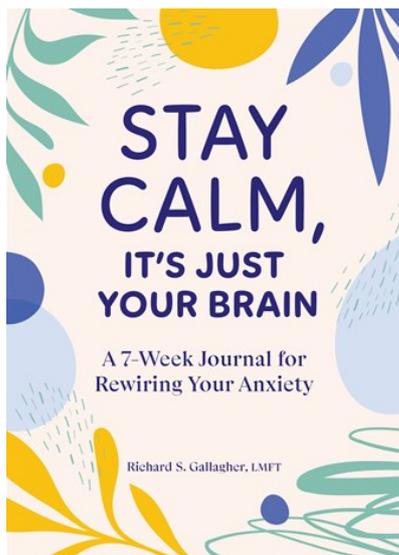

Spiritualism's influence affects every corner of society. As political as it is spiritual, the movement was once defined by the belief that the living could speak freely with the dead, and that the dead spoke back. Since the mid-1800s, Americans have increasingly embraced occult rituals that have been stripped of their darkness and shined up like a lucky penny. But how did these once forbidden practices, like séances and horoscope readings, enter the mainstream?

Beginning with the Fox sisters, who could converse with the dead in New York, *When We Spoke to the Dead* traces spiritualism's brightest and darkest characters across the nation through extensive research and interviews with present-day believers, debunkers, and historians to make sense of how Americans, who once hung women for witchcraft, have now accepted occult practices so much that they buy ritual sage at Walmart. Digging through layers of colonialism, racism, xenophobia, misogyny, health, and politics, *When We Spoke to the Dead* examines how we got here and why America continues to be obsessed with the occult.

- **Entry Points:** This book touches countless topics that interest nonfiction readers, such as American history, death and mortality, spiritualism, the occult, witches, paranormal phenomena, travel, feminism, and pop culture.
- **Fascinating Author:** Ilise Carter is an author, journalist, and professional sideshow performer (sword swallowing and fire eating). She's also a former corporate speaker who knows how to captivate an audience
- **Cultural Obsession with Death and the Occult:** Books about death (and communing with the dead), spiritualism, witches, the paranormal, and the occult are surging in popularity and consumer demand.
